

Sometimes

Sometimes
I wanna say hello
But I'm lost inside
Inside this hole

Sometimes
I'm a little cold
I'll forget you
and my soul

Oh, I tried to take you with me
And I Fall
I Fall
Im my mind, Im lost inside
With all the things you took from me
Set me free

Sometimes
I could see it in your eyes
I never thought you'd go away
I never thought we'd get to this

Oh, I tried to take you with me
And I Fall
I Fall
Im my mind, Im lost inside
With all the things you took from me
Set me free

I thought I lost it all
I couldn't let you go
You had a strangle on my heart

Oh, I tried to take you with me
And I Fall
And I Fall
Oh, I tried to take you with me
And I fall...
Im my mind, Im lost inside
With all the things you took from me
Set me free
