

My Ecstasy

I've been searching for someone
Tired of being alone
I've been looking for so long
Gotta keep myself strong

I ain't gunna wait around
I just wanna hear that sound
Get lost in the melody
Escape the custody
Enter into ecstasy
Im never lookin back again
No not again
Ahh-ahh-ahh

Now I'm sinking to the floor
Right where I was before
Can't stop drinkin' from the bottle
I keep my hand on the throttle
Ohhhh

I ain't gunna wait around
I just wanna hear that sound
Get lost in the melody
Escape the custody
Enter into ecstasy
Im never lookin back again
No not again
Ahh-ahh-ahh

It aint about being a star
I found a peace with my guitar
Now I'm rising off the floor
Just Like I'd done before

I ain't gonna wait around
I just wanna hear that sound
Get lost in the melody
Escape the custody
Enter into ecstasy
Im never lookin back again
No not again
Ahh-ahh-ahh
